

**Supply and Installation of New Playground Equipment – Pinegrove Park
RFP June 7, 2021
RFP -001-2021**

ADDENDUM #1

IMPORTANT: Proponents are required to acknowledge this addendum prior to the RFP closing date. Failure to acknowledge may constitute grounds for rejection of proposal.

Acknowledgements must be sent to jyusko@espanola.ca

Further to RFP -001-2021, proponents are provided with additional information.

Question:

1. Since the town is completing the site prep – will the town also take on the site restoration to allow the ability to maximize the budget with equipment?

Answer:

The Town will provide site restoration within a 2 metre perimeter of the Engineered Wood Fibre Area.

Question:

2. Will fencing to surround the play area from the time of excavation until completion be provided by the town since you are first on site to complete the excavation, or does the contractor need to arrange for fencing?

Answer:

The Town will provide snow fencing and the monitoring of the site until the site is turned over to the contractor. The contractor is free to continue using the snow fencing and assumes responsibility of its maintenance until completion of the project.

Question:

3. Will a transfer station be suitable on the play structure, or are ramps required? Ramps are very expensive and transfer stations are still viable for accessibility and would allow better use of the budget. Please specify what is acceptable.

Answer:

The Town is open to creative designs with high play value. The Town will not prescribe preferences on components but rather allow for the proponent to offer creative designs with high play value. The proponent must identify the accessible features and qualify how they meet AODA standards.

*The five photo attachments are supplemental information on existing conditions.

We acknowledge receipt of the above referenced Addendum to the RFP and the Addendum shall be incorporated into our proposal submission.
